

U.S.M. OFFICE OF INTERNATIONAL PROGRAMS
Bringing The World To Mind!
Survey of International Experience and Interest

Throughout the 2007-08 Academic Year the Office of International Programs will be gathering data to compile an International Inventory for U.S.M. and as part of that project we are surveying the University's staff and faculty to understand the level of international experience among the University community. We already know that many members of the U.S.M. community travel internationally on a regular basis, but we hope to learn more about your international experiences, including language skills, education abroad and more!

Some of this data will be compiled to provide aggregate statistics about the U.S.M. community. Please rest assured that we will not give out any of the personal information you include as part of this survey. However, if someone connects with our office that we believe might be a good match for your skills, interests, goals we will take their information and share it with you

Please complete and return to: U.S.M. Office of International Programs, 101 Payson Smith, Portland Campus by **March 1, 2008.**
