Place an "O" in the box to indicate when the intern will observe the mentor's instruction. Place an "A" in the box to indicate when the intern will assist the mentor in planning and instruction. Place an "I" in the box when the intern will take responsibility for planning and instructing the content area. Below the content area title, indicate what time of day the content area is generally taught. Use this as a guide. Change it as needed to meet the needs of all concerned.

Lesson plans: In an intern's first week of instructing a new content area, s/he must write plans using the full lesson plan format. If the mentor teacher and university supervisor are satisfied with lesson plan quality after that week, the intern may use the mentor's plan book.
