MENTOR TEACHER FINAL ASSESSMENT FORM

Please take the time to complete the following final evaluation of the CLASS PDS **First Year Student**. Your evaluation and feedback will be helpful in determining if the CLASS PDS first year student successfully completed the related field experience activities portion of the course. In addition, your candid feedback will help the CLASS student grow in their development as a teacher.

Once you have completed the evaluation, please take a few minutes to review your comments/ratings with the student. It helps the student interpret the evaluation if you provide an explanation—you may want to consider adding those comments near each item, where you or the student feel an explanation is necessary.

Please feel free to contact the University Supervisor or the Site-based Coordinator if there is any information on this evaluation form that you would like to discuss. Thank you for all of your time, effort, and encouragement you have given this semester to the students!!!
