

**7. PROGRAM FOR INTERNS
RESIDENT INTERN SEMESTERS (8 & 9)**

CLASS PDS Internship Application

In order to most effectively meet your needs it is important that we have the following information. The internship year will encompass three different placements at the two partner schools at the Primary, Intermediate and Middle school levels and will follow the school calendar. The first semester internship experience will consist of two placements – A & B. The first is six (6) weeks and the second is eight (8) weeks. You will be responsible to complete your field experience and class work during this time. During those days you will be on site in the mentor classroom in the partner school. The second semester resident internship experience will be a single thirteen (13) 5 days a week placement. You will be responsible to complete your field experience and class work during this time. All five of those days you will be on site in the mentor classroom in the partner school. During this time, you will be expected to work/teach full days, which includes planning/correcting, attend all teacher meetings, and conferences, etc. In the event that students need course work during this time to graduate, you must get approval from the program coordinator.

Upon learning of the internship placements, students are required to write to their new mentors.

Name: _____ ID#: _____

Local Address:

Telephone: _____ Email: _____ Intended date of program completion: _____

Cohort Leader: _____ Intended date of graduation: _____

Semester (date) of first internship _____

Previous significant grade level experiences (with names of Mentor Teacher):

What do you consider to be your strengths as an intern?

What do you consider to be your areas needing further development:
