

**CLASS PDS
Internship
Lead Teaching Sign Off Form**

Student: _____ **Cohort #:** _____

Cohort Leader: _____ **Mentor Teacher:** _____

Lead teaching is the most significant classroom instructional experience of the internship. It is very important that the intern is ready, well prepared, qualified and confident to embark on this phase of his/her teaching. Lead teaching may only occur after the intern has had successful preliminary opportunities for classroom teaching; e.g., small and large group teaching, co-teaching, etc.

To be approved for lead teaching the student must get his/her Cohort Teacher, Mentor Teacher and the Site Coordinator all to sign off that he/she is ready.

The Intern has successfully met all the conditions as previously set forth in preparation of his/her lead teaching and may begin lead teaching as of: _____.
