

**CLASS PDS
Lesson Plan Release Form**

An important component of the Internship year is the continuous focus on writing effective lesson plans. During the internship year, all lesson plans should be reviewed by the Mentor Teacher prior to teaching and made available to the Site Coordinator and/or University Supervisor/Resource Person at any time for their commentary. The program requires that all interns develop and write-up “full and complete” plans using the CLASS PDS Lesson Plan Format until such a time that the Site Coordinator and Mentor Teacher agree that using a more abbreviated lesson plan is appropriate.

The intern shall be encouraged to discuss his/her ability in writing lesson plans and present this form to their Mentor Teacher and Site Coordinator for their approval at such a time during each placement when the intern feels that he/she is ready to transition from writing detailed “full and complete” plans to utilizing a more abbreviated form in a/some different subject area/s as appropriate.

_____ may use an approved abbreviated lesson plan format in:
(Name of intern)

All subject areas

Only the following subject areas: _____

(Mentor Teacher)

(Site Coordinator)

(Cohort Leader)

(Date)
