

## Course Evaluation

### Osher Institute

In order to maintain high quality in our program, we regularly ask students to evaluate their courses and instructors. Please answer all questions by marking the appropriate circle opposite the question number on the scoring sheet. Please be sure to write the course title on your scoring sheet *and* on the back of this page if you choose to write handwritten comments. Do not write your name on either sheet.

For each item, indicate the degree of your agreement or disagreement with the statement so that a corresponds to “Definitely True”, e corresponds to “Not at all”, or “Definitely Not”, and *b, c, and d* refer to degrees of agreement or disagreement. The lower the letter chosen, the more the agreement.
